Project Description and Comments:

This Permit is subject to the terms and conditions of Alabama Power Company's General Guidelines for Shoreline Permitting & Permit Terms and Conditions for the applicable reservoir (the "Guidelines"), which are incorporated by reference and made a part hereof as if fully set forth herein. A current copy of the Guidelines may be found at <https://apcshorelines.com/>. By accepting this Permit and/or maintaining a structure or structures on Alabama Power Company property or easement, Permittee acknowledges that he or she has read and understood the Guidelines and agrees to be bound by the Guidelines. By accepting this Permit and/or maintaining a structure or structures on Alabama Power Company property or easement, Permittee hereby releases and agrees to save and hold Alabama Power Company, its officers, agents, and employees, harmless from any and all causes of action, suits at law or equity, or claims or demands, or from any liability of any nature whatsoever for or on account of any damages to persons or property, including the permitted structure, growing out of the ownership, construction, operation or maintenance by the Permittee of the permitted or other structures subject to this Permit. This Permit is a mere license for the specified use of Alabama Power Company property or easement and may be revoked at any time and for any reason in Alabama Power Company's sole discretion.

SKETCH OF PERMITTED STRUCTURES

Please include: All New Structures, Existing Structures, Legacy Structures (with each structure individually labeled identifying whether it is a New, Existing, or Legacy Structure), sketch of the shoreline location, property lines, Project Boundary, and dimensions. (Not drawn to scale)

ALL NEW LAKEFRONT STRUCTURES MUST MAINTAIN A 15-FOOT SETBACK FROM PROPERTY LINES.

Permittee is authorized to construct new structures and/or maintain structures ONLY as depicted on this sketch. Permittee must submit a signed, updated sketch to the APC Shoreline Manager for approval PRIOR to construction or modification should any construction or maintenance plans differ from those depicted herein.
